

CUSTOMER SUCCESS:

# ST. VINCENT HEALTH

Based in  
Indianapolis, IN

## Challenge

To perform a comprehensive analysis of the existing document management program to uncover cost savings.

## Solution

The npn360 Database featuring a printed products library and ordering system.

St. Vincent is a member of Ascension Health, the nation's largest not-for-profit Catholic Healthcare System. Our hospital system is the state's largest healthcare employer, with 20 health ministries serving 46 counties in central Indiana.

Actual first year savings exceeded 19% and \$200,000. The savings have continued and now the ongoing expense is less than half of the original \$1.3 million spend.
